Subject: MCS updates released

Hi Vilma,

I am pleased to let you know the MCS releases are now available from the data catalogue. Please can you take a look and let me know if any revisions are required? I have also added the revised Longitudinal Data Dictionary spreadsheet to the main MCS 1-6 EUL studies. SNs 8456, 8622, 8623, 8624, 8625, 8626 and 8627 have also all been de-catalogued as requested.

The following new studies have been released:

SN 8753 - Millennium Cohort Study, Sweeps 1-7, 2001-2019: Socio-Economic, Accommodation and Occupational Data: Secure Access

<https://beta.ukdataservice.ac.uk/datacatalogue/studies/study?id=8753>

SN 8759 - Millennium Cohort Study: Geographical Identifiers, Seventh Survey, 2011 Census Boundaries: Secure Access

<https://beta.ukdataservice.ac.uk/datacatalogue/studies/study?id=8759>

The following new edition has been released:

SN 8682 - Millennium Cohort Study: Seventh Survey, 2018

<https://beta.ukdataservice.ac.uk/datacatalogue/studies/study?id=8682>

Reason: For the second edition (March 2021), two new data files have been added (mcs7_cm_qualifications and mcs7_parent_derived), and five existing data files have been updated (mcs7_cm_derived, mcs7_cm_interview, mcs7_hhgrid, mcs7_parent_cm_interview, cs7_parent_interview). In addition the User Guide, the Derived Variables User Guide and the Longitudinal Data Dictionary have all been updated.

Best wishes,
